

Miraculous images of Lord Shiva appearing in their home strengthened the faith of the New Jersey family

Hundreds of thousands of pilgrims undertake the Amarnath Yatra every summer to behold and pray at the naturally formed ice Shivling in the sacred cave in Kashmir. That is faith on a mass scale. Faith for one family in Edison, NJ, was strengthened by some mysterious events unfolding in their home.

Abhishek Mishra and his family are religious by nature, but they can't thank Lord Shiva enough for blessing their home. Mr Mishra, who has had a successful run in the corporate sector, has told the press and shown them naturally formed (Swayambhu) images of Shiva appearing inside and outside their home without any human involvement. The family and their friends were stunned to witness these sacred formations, which many believe to be a rare divine sign. "Lord Shiva, we call him Mahadev ji, has blessed our home, and we feel his divine presence on our property all the time," said Abhishek Mishra, who lives at 25 Lavender Drive in Edison, in the area known as Little India.

Among the astonishing manifestations at the Mishra house was a Shivling that took form in ice during the winter snow, while a 50-foot image of Lord Shiva holding a trident appeared in the backyard snow. Inside the home, an image of Shiva with Nandi was discerned on the bathroom tiles, and another meditative form of Shiva emerged from ice.

As word spread, many people have been eager to witness this remarkable occurrence, calling it a true spiritual

marvel. For many believers, the formations at the Mishra house are a sign of divine blessings, strengthening their faith and devotion. Abhishek Mishra, an intuitive individual, wants to convey to those who are ready to listen that there is a Divine Power, referred to by different names in various religions and worshipped in different forms. More importantly for us, he says, is that aligning with that Divine Power will make our worldly life happy, peaceful, and prosperous. Abhishek Mishra and his family are highly educated and accomplished.

With a master's in computer science from NYIT, he worked in the IT industry for 20 years at Fortune 500 companies, including AT&T and IBM. His wife, Namita, has a master's in computer engineering from Stevens Institute of Technology and has worked for Goldman Sachs and other leading companies. Their son, Avi, is pursuing a master's in computer science from the Ivy League UPenn. Their Daughter, Anika, works as an Assistant Genetic Counselor at St Barnabas Hospital in Livingston, NJ.

The Mishra family house welcomes visitors who would like to learn about and experience the spiritual miracle.
